

Community Safety Partnership Report

Issue 6
May 2017

Community Safety

Community Safety is about protecting people's rights to live in confidence without fear for their own or other people's safety ensuring that people are safe from crime, disorder and danger, and free from injury and harm and communities are socially cohesive and tolerant; are resilient and able to support individuals to take responsibility for their wellbeing

The Community Safety Partnership aims to improve community safety across Moray by identifying and addressing immediate concerns in order to protect the most vulnerable and at risk and be proactive to ensure that communities feel safe.

The CSP comprises of various Moray Council services, Police Scotland, Scottish Fire and Rescue Service, NHS Grampian, tsiMORAY and Registered Social Landlords

Dog Fouling Areas

Pilmuir Road, Forres. Grant Lane & Forteach Street, Burghead. Crown Terrace, Portgordon. Lesmurdie Road & Kingmills Court & Elgin High School & Deanshaugh Field & Millar Street, Elgin. Bridge Street & Taylor Road, Keith

Elgin – All Wardens

Abandoned vehicles have continued to be an issue in the Elgin area with 16 reports in April. Neighbour Disputes have fallen to 7 in April compared to 14 reported in March. 5 disputes in April have been dealt with by the Housing Liaison Officer.

ASB Community Safety Report

Forres & Upper Speyside – CW Dave Haytack

In Forres regular patrols have been taking place around the Strathcona Road area after a 91 year old lady was targeted by youths knocking on her window causing her considerable distress. Patrols will continue in the area to deter any further incidents.

Lossiemouth Area – CW Tim Betts

Police Scotland and the Community Safety Team have received numerous complaints over recent weeks concerning inconsiderate parking throughout Moray, ranging from ‘chaos’ outside of schools at drop off and pick up times to blocking neighbours’ access. Parking is a common theme at the root of neighbour disputes we are called to deal with. As drivers, it is your responsibility to park in a safe and considerate manner. Failure to do so can cause friction within local communities and more worryingly lead to serious road safety issues.

Many of the streets in Moray’s towns and villages struggle to cope with the multiple vehicles owned by many households nowadays aggravated by an inherent desire to park on the doorstep. There is no legal right to park on the street immediately outside of your property, the following advice can help prevent parking problems:

- Be courteous and avoid impacting negatively on your neighbours, for example blocking driveways. If vehicles are to be parked long term consider the location it is to be left; Tax and insurance are required for a vehicle to be left on a road.
- Leave sufficient space between vehicles when parking.
- Don’t park on pavements, yellow lines or school and crossing zig zags. You may fall foul of the Police.
- Finally, give consideration to emergency service vehicles that may have to respond to life-threatening emergencies. For example the average fire engine is 9 feet wide and 26 feet long.
- **One day they could be trying to get to your house.**

Keith / Fochabers Area – CW Donna Jamieson

Now that the lighter nights are here, hopefully we will all be able to enjoy some recreational time outdoors that is if the weather ever improves. It is great to see young people out and about, but this has led to an increase on youth annoyance calls in Dufftown and Fochabers.

In Fochabers the primary school is currently undergoing a facelift and the scaffolding appears to have a magnetic effect on youngsters drawing them into the grounds. The Police, Janitor and I have all had calls to the school where primary age children were found to be on top of the building. These children were conveyed home and warned in front of their parents against the dangers of this practice. Primary school children were also spotted within the demolition site of the old Schoolhouse, but unfortunately none were identified and made off before my arrival.

In Dufftown there is similar problem where young people have scaled the walls of Mortlach School to gain access to the roof. Mortlach School is a fairly old building and the roof structures are weak in many areas. The School is surrounded by houses and residents have been asked to keep an eye out and report any youngsters on the roof to avoid a potential tragedy.

Despite both Schools highlighting the issue in their newsletters and Facebook pages, the practice of frequenting the schools out of school hours seems set to continue. I would urge all parents to support the Schools’ wishes that school grounds are not to be entered outwith school hours.

I would encourage parents to discuss what constitutes antisocial behaviour with their children and the consequences that involvement in such behaviour may have on their future.

ASB Community Safety Report

Buckie Area – CW Chris Haywood

The Cullen area has seen a number of incidents of antisocial behaviour, over the past few months with reports of youths knocking on doors, throwing items at windows and climbing on peoples hedges and fences. There have been a number of children named as being involved and I have spoken with them individually and warned about repeat behaviour of this type.

In one isolated incident dog mess was put through a front door. and details about this more serious incident have been passed to the Police Scotland.

As a result of the reports of youth disorder in the Alba Road area of Buckpool area, I letter dropped the area alerting residents to the ongoing issues, together with a questionnaire to help report issues they are experiencing. Although it is early days, positive feedback has been received with helpful information on identifying those responsible.

Forres, Finhorn & Kinloss, Finnerne, Dyke Landward Community Council Area Report

Nothing of note to report in the remaining areas.

Advice from Crime Prevention Officer PC George Ogg

The chances of becoming a victim of crime are very low, however we can all take some simple precautions to avoid getting into a vulnerable position.

- Keep valuables out of sight, with wallets and purses in an inside pocket.
- Concentrate on what and who is around you. Don't be distracted by using mobile devices.
- If someone attempts to take something from you, consider letting them have it rather than risk being hurt. You are more important than your phone.

When travelling:

- Try to park in a well - lit area, within view of a CCTV camera or in a staffed car park.
- When leaving your vehicle, ensure that windows are closed and it is secure. Don't leave valuables on display.
- Check you have enough fuel for your journey. Ensure you have adequate breakdown recovery insurance.
- While waiting for a bus or train, stand in a well - lit place near other people.
- Keep the number of a reputable taxi firm with you or stored in your phone.

Nights Out

- When out with friends, look out for one another.
- Never leave your drink unattended.
- Don't accept drinks from people you don't know.
- Know your limits and always stay in control.

Scottish Fire and Rescue Service

LIFE SAVING CPR SKILLS

Whole-time and Retained crews from across Moray have been involved within their local communities providing CPR Life Saving Skills.

These sessions have taken place within Work places, community groups, Flu Clinics and Local Community Fire Stations including Elgin, Forres, Lossiemouth, Cullen, Buckie and Aberlour.

The Firefighters have passed on these skills to approximately 300 people in the local area and would like to offer this opportunity to anyone interested in learning this important skill.

If you would like to book a session or require further information please contact your local *Community Fire Station* or contact the following;

n.abmpreventionandprotection@firescotland.gov.uk

Telephone 01779471645
